# Vaughan's MASTER BLEND

## Merion Formula

Once again, Vaughan's offers the finest all-around lawn grass formula ever developed . . . a blend including four new, improved grasses selected as Champions by National Turf Research.

The result is a beautiful lawn . . . a tough lawn . . . a lawn which rolls out a green carpet under more different conditions of soil and climate and shade. No wonder Vaughan's Master Blend Merion Formula is creating a sensation from coast to coast!

## MERION FORMULA—100% PERENNIAL GRASSES

Contains over 1,000,000 seeds of pure Merion strain of Kentucky Blue Grass, plus Delta and Newport Kentucky Blue Grass, plus Pennlawn Creeping Red Fescue and Red Top. Costs less because it goes farther. Sow 1 lb. to 500 to 750 square feet.

This contains the basic grasses originally recommended by the Long Island Agricultural and Technical Institute at Farmingdale. All of higher qualities than standards. With Red Top instead of Bent. Also now includes Merion Blue. Merion Blue and Mixtures with Merion have proved outstanding in official trials on Long Island. This mixture will do equally as well on shale soils of New Jersey, and in Connecticut and Westchester County.

# Vaughan's ONE SHOT

## MERION FERTILIZER

20 - 5 - 5

The revolutionary new fertilizer that supplies adequate amounts of plant food in the proper proportions. Full 20 units of nitrogen, from many sources including organics and urea formaldehyde compounds.

Research on the needs of grasses since World War II has shown that a really balanced grass turf fertilizer should contain about four times as much nitrogen as phosphorus and potash. Experts agree that a 4-1-1 ratio is about right for lawns that were formerly overfed with phosphorus and potash by the older formulas such as 5-10-5 or 4-12-4. With Vaughan's One Shot Merion Fertilizer you have quick and slow releasing forms of nitrogen thus giving you a fertilizer that will feed over the entire season.

A proven sales getter at full 40% mark up.
